

You said you loved me oh baby don't change
Yeah, my money outside but ain't nothing to gain

737 but different planes
I'm out of pocket but you out of place
Walk in the dealership know bout' my name
Never was for this, this lifestyle I made

You got me calling these shots out to you
You got me falling I stepped up the view
Shit got me fucked up all type of ways
Two different lovers and nothing the same

I'm running round like the back of the queue now
I let the cat out she back in pursuit
Just bout' my bag now no begging no choosing
I cut it out like the back of the coupe

Lately you've been talking to me well
Lately baby feel like nothing real
Lately baby feel like nothing real
Lately baby feel like nothing will

You ain't willing to get out the way
Guess it's never for me never blamed
I was feeling tied up either way
I was feeling
I was feeling

And you won't wait up for me
And you won't wait up for me
Don't wait
Don't wait

Don't wait up for me
And you won't wait up for me
And you won't wait up for me
Don't wait
Don't wait

I'm running round like back of the queue now
I let the cat out she back in pursuit
Just bout' my bag now no begging no choosing
I cut it out like the back of the coupe

Lately you've been talking to me well
Lately baby feel like nothing real
Lately baby feel like nothing real
Lately baby feel like nothing will

You weren't willing to get out the way
Guess it's never for me never blamed
I was feeling tied up either way
I was feeling
