

All For What?

Lithe

Is you up
Shorty now is you up
I, I been down since you been down so bae lets fuck it up now
On my way say none, yeah
Brand new Bentley truck, yeah
I, I been down since you been down but (Lately it's for what)
Baby, now for what
(Baby, now for what no
I, I been down since you been down so bae lets fuck it up)
Baby, now for what
(Baby, now for what, oh
I, I been down since you been down)

But if we fuck and she don't mean it, yeah
Catch me at my weakest now
I fall in my feelings now
But if we fuck and she don't mean it, yeah
Catch me at my weakest now
I fall in my feelings now bae do this all for what
Shorty is you up
