

## Fall Back

Lithe

Uh, you ain't even know me  
Uh, uh, yeah  
Yeah

Fall back, too close, you ain't even know me  
Trust my brothers from way back from the nosebleeds  
Christian Dior, spend it like they owe me

Gotta stay select, don't come around to me  
Better come correct, different lives that we lead  
I'm in that Nike Tech and the bank with Louis V

Two-tone on my wrist, uh  
Lifestyle make no sense now  
Pop out for a minute now  
I swap out my, uh  
I swap out my whip now  
Benzes and BM's now  
Lifestyle make no sense now

Fall back, too close, you ain't even know me  
Trust my brothers from way back from the nosebleeds  
Christian Dior (Yeah), spend it like they owe me

Ain't no L's, L's, L's, ain't no time unless it's V's  
It's that top of the shelf, it's that stretch to get to me  
And it's closer to the chest when your pockets too deep

Two-tone on my wrist, uh  
Lifestyle make no sense now  
Pop out for a minute now  
I swap out my, uh  
I swap out my whip now  
Benzes and BM's now  
Lifestyle make no sense now

Fall back, too close, you ain't even know me  
Trust my brothers from way back from the nosebleeds  
Christian Dior (Yeah), spend it like they owe me
