Geneva

Lithe

Shorty wanna slide, try know me
I could never get it to close, B
Cause she heard I got it on me, yeah
Couldn't pull it off like me, shit
Now she tryna light up my phone now
Shit I'm in the booth gone ghost now
Now they heard I got it on me, yeah
Now they hear I got it on me
Mmm, yeah

They ain't never get it with the dog like me
How we got cheddar singing do re mi
Gotta keep it settled gotta keep it low key
Money like me, money like
Bitch, I'm in the city where the coke fiends eat
How they talking money when their money don't speak
Money in Geneva like it came from the street
Shorty in Vienna gotta get it with me

Yes yes yes, shorty know gotta know and you know I'm like that, yeah
Set set yeah straight back to the crib switch cars I'm right back
Left left left and you know that they can't
How they got relate no
When I move way too left

Shorty wanna slide, try know me
I could never get it to close, B
Cause she heard I got it on me, yeah
Couldn't pull it off like me, shit
Now she tryna light up my phone now
Shit I'm in the booth gone ghost now
Now they heard I got it on me, yeah
Now they hear I got it on me
Mmm, yeah

Fresh out the scene
Bitch, I'm the best out the scene
Bulletproof if you know what I mean
Lately I just been questioning things
Now you wanna stay with me for nights
Baby, I just want to treat you right
Yea, I'm thinking late through the night
Baby, you could stay if you like
Ain't no stress in this stretch lex
Baby, know I'm different
In my text when you downstairs
You know that I'm different
Than your ex stressed dress less
That's my problem now
You got me thinking bout you every time I'm not around

Shorty wanna slide, try know me
I could never get it to close, B
Cause she heard I got it on me, yeah
Couldn't pull it off like me, shit
Now she tryna light up my phone now
Shit I'm in the booth gone ghost now

Now they heard I got it on me, yeah
Now they hear I got it on me
Mmm, yeah
