

Getaway

Lithe

Not leaving without your loving
God knows that what you wanted
Praying your day will come but
Staying here's so unbecoming
You don't need me to tell you
You know that I will come through
Suddenly wanna leave but I just can't do
I can't do without you
Hear me out for a minute
Maybe we can leave together
You know we don't have to stay
Maybe we can getaway

Hear me out for a minute
Maybe we can leave together
You know we don't have to stay

I've been feeling lately
Feel some type of way
We should getaway
For me for you
I've been feeling lately
Feel some type of way
We should getaway
For me for you

Shorty let's shoot our shot
Singing Kumbaya
Shouldn't care what they say
They don't really care no way
It's hard to leave this behind
It's harder making my mind
Need to leave just us three yeah tonight yeah
Just me, myself and I
Hear me out for a minute
Maybe we can leave together
You know we don't have to stay
Maybe we can getaway

Hear me out for a minute
Maybe we can leave together
You know we don't have to stay

I've been feeling lately
Feel some type of way
We should getaway
For me for you
I've been feeling lately
Feel some type of way
We should getaway
For me for you
