

# Hold Out

Lithe

Shawty down when it's turnt, wanna need me now  
Tell my mama all the time on the TV now  
Fuck around, stay live if she see me now  
This shit kinda get kinda tedious  
I been in it for some time goin' knees deep, yeah  
So my shawty FaceTime, can you see me now?  
Oh no, yeah, yeah, yeah, yeah

Girl, I'm in your ci-ci-ci-city  
Know you heard about it, let me get it OT  
And you know I'm holding out for the G63  
Say she want the Louis and the VVs  
Riding 'round the ci-ci-ci-city  
Know you heard about it, let me get it OT  
And you know I'm holding out for the G63

All the greed and the lies, mm  
Heard you want a piece of the pie, mm  
All that shit is bleeding me dry, mm  
I don't want your piece and advice, mm  
Hold it down for me, uh  
Niggas act like bitches all the time these days  
I ain't even gon' lie, don't let me down (Please wait)  
I been throwing these hundreds on a dime  
Spent seven on that ring, no wedding vows  
All that smoking make me tired  
Twin 22s, I call it Tyra and Mariah  
Talk about my lows and all my highs  
Been tryna see the light, but shit is quiet  
All the greed and the lies, mm  
Heard you want a piece of the pie, mm  
All that shit is bleeding me dry, mm  
I don't want your piece and advice, mm

Girl, I'm in your ci-ci-ci-city

And you know I'm holding out for the G63  
Say she want the Louis and the VVs  
Riding 'round the ci-ci-ci-city  
Know you heard about it, let me get it OT  
And you know I'm holding out for the G63
