

# I Tried

Lithe

Keep up with her pace she's hard to come by  
Yeah, running back and forth all up on my mind  
Stressed out lights out got the worst high  
Yeah yeah, yeah yeah, ayy  
Asking, yeah  
Who you texting late night  
Yeah, you gon' tell me this ain't what it looks like  
I don't know who to trust I

Thought you were my blessing but you've been 'round  
I don't learn my lesson but I'm okay now  
Guess it's for the best, I just don't know how  
Get up out my face, I don't know you now

You know that I tried  
Knowing that you was wasting mine  
Can't keep up with them fights

Wish that I could say that it's my first time  
Paying no attention to your signs  
Stressed out lights out got the worst high  
Don't know why I ever stayed on her side  
Woah, I don't wanna keep you waiting  
Yeah, go find someone else to play with  
I'll find someone else to hate and  
I'll find someone else to hate

Thought you were my blessing but you've been 'round  
I don't learn my lesson but I'm okay now  
Guess it's for the best, I just don't know how  
Get up out my face, I don't know you now

You know that I tried  
Knowing that you was wasting mine  
Can't keep up with them fights

You know I tried  
I kept the fight  
Won't do this twice no  
I tried  
And I tried  
And I tried  
On God, on God  
And I tried  
And I tried  
And I tried  
And I tried  
And I tried on God  
On God, on God  
Yeah yeah
