

## If U Fall

Lithe

Loving ever since I hit the lights  
I been holding out I keep in sight now, baby  
I been holding it down and getting right  
Loving ever since I kind of left you down I

If I'm ever on your call  
I be with you if you fall  
Loving ain't turn at all  
Yeah, my loving don't change don't tell me twice

If I'm ever on your call  
I be with you if you fall  
Loving ain't turn at all  
Yeah, my loving don't change don't tell me twice

Damn, I gave you mine  
Baby, it was way back then  
Damn, I gave you mine  
Baby, it was way back

Loving ever since I hit the lights  
I been holding out I keep in sight now, baby  
I been holding it down and getting right  
Loving ever since I kind of left you down I

If I'm ever on your call  
I be with you if you fall  
Loving ain't turn at all  
Yeah, my loving don't change don't tell me twice

If I'm ever on your call  
I be with you if you fall  
Loving ain't turn at all  
Yeah, my loving don't change don't tell me twice

Sending love b  
I been on a road too  
Different love b  
Rather on my own to

Not to worry  
I be coming home soon  
Coming home soon baby coming home soon

Loving ever since I hit the lights
