

In Your Head

Lithe

I said I could take you too
I could take you to the moon
We get high enough tonight
Imma leave this all behind

I want good sex, no less
I want good checks, no less
I'm in your head, yeah ye
I'm in your head, yeah

I'm in your (I'm in your head)
I'm in your head, yea
I'm in your head, yea
(I'm in your head, yeah yeah)

Fool me twice, I know you did
You know I can't feel a thing
Feel like you just got away with these empty promises
I thought I could hold it down, you said you would be around
Yea my bad I thought that way
You that bitch I thought you ain't, ayy
Oh, oh
Now you switchin' sides now
Woah, woah
Put it all aside

I want good checks, no less
I want good sex, no less
I'm in your head, yeah ye
I'm in your head, yeah

I'm in your (I'm in your head)
I'm in your head, yea
I'm in your head, yea
(I'm in your head, yeah yeah)

You want me there, nah
I'm in you head, nah
Missed calls you waiting
Wait for your next nah
Don't act like I owe you yea
Hard for me to show I care
Reaping what you sow now
Needed you but you weren't there
Run my shit, run my shit
Pay my dues, can't pay to win
Brand new bitch, like a 10
Got no time for you again

I want good checks, no less
I want good sex, no less
I'm in your head, yeah ye
I'm in your head, yeah

I'm in your (I'm in your head)
I'm in your head, yea
I'm in your head, yea

(I'm in your head, yeah yeah)
