

Limbo

Lithe

I just don't know what to do
Got me coming back to you
I just don't know what to do
Got me coming back to you

I got, I got nothing else to say
You got, you got friends up on my case
Mobbin' I don't what else to do
Didn't think that I come back at you
Now I'm losing all this sleep
Scrolling down I be counting all the sheep
Feeling lost hard to see your point of view
Stuck in limbo I just don't know what to do

And to think she put me through this
Yeah she's so fucking clueless
And to think she put me through this
Yeah she's so fucking ruthless

You just came down from the first high
She ain't loving anymore I
You be out here contemplating
This ain't nothing but a joyride

I just don't know what to do
Got me coming back to you
I just don't know what to do
Got me coming back to you

Nothing new
Fucking's all we do
You got regrets
I got feelings all for you
Barely talk
Yeah you barely tell the truth
Stuck in limbo
I just don't know what to do
She got others on the side
Who am I to question why, why, why
Got me feeling type of ways yeah
Says she got nothing to hide yea yeah
Am I way over my head
For some shit you never said
But you make it feel so real
You make it feel so real

And to think she put me through this
Yeah she's so fucking clueless
And to think she put me through this
Yeah she's so fucking ruthless

You just came down from the first high
She ain't loving anymore I
You be out here contemplating
This ain't nothing but a joyride

Yeah she got no plan

She don't fucking understand
As she takes off her disguise
And she cries all through the night

I just don't know what to do
Got me coming back to you
I just don't know what to do
Got me coming back to you
