

No Time

Lithe

Got no time for you babe
Ain't no time for you babe
Got no time, got no time
Got no time for you babe
Got no time for you babe
Got no time, I'm in my mind

I don't need to wait - wait
I don't need to wait - wait

You say we just need some time
Difference in our state of mind
Baby its the way I see
My perspective makes me weak
You say we just need some time
Difference in our state of mind
Baby its the way I see

I won't wait
I won't wait
Spread my wings, and
I won't wait
I won't wait now
I don't wait
Spread my wings and
I won't wait
I won't wait
I won't wait
Spread my wings, and
I won't wait
I won't wait
I won't wait
Spread my wings, and
I won't wait
