I been coming with the cheese

I been running with the same old shit like, yeah
I been fucking with this fame money shit like, yeah
I been running the same mindset like, yeah

Said baby I don't owe you

Ain't no let up with the money right there

Keep it steady nowadays
'Bout my money don't play

Bitch you know it ain't free

I been coming with the cheese
I been coming with the breeze

I been running with the same old shit like, yeah
I been fucking with this fame money shit like, yeah
I been running the same mindset like, yeah
I been running with the same
I been running with the same

Said baby I don't owe you
I don't need you
Like I know you want me
I can't fuck with you I'm MIA
Ain't no let up with the money right there
