

# Signs

Lithe

Shorty want signs got 10 on my side and 10 my side a Libra  
Now they come round don't talk like that  
Don't come right back, they reaching  
I ain't forget where the kid came from but I guess they did Amnesia  
Hard to tell when I'm making this shit  
I'm making this shit look

Shorty want signs got 10 on my side and 10 my side a Libra  
Now they come round don't talk like that  
Don't come right back, they reaching  
I ain't forget where the kid came from but I guess they did Amnesia  
Hard to tell when I'm making this shit  
I'm making this shit look

15 right to my safe 15 right to my bank  
Long as my circle tight  
Long as my circle paid  
Damn she gon' make my mains  
Damn she gon' make my mains  
I need my Beyoncé  
Come baby say my name  
Gotta stay tucked stay tucked  
Gotta stay low stay low  
Then all my bro gon' call  
Then all my bro gon' call  
Imma go down when it get like that  
Imma hold out two toned Maybach  
Evens out when the odds gon' stack  
I been I been I been

Shorty want signs got 10 on my side and 10 my side a Libra  
Now they come round don't talk like that  
Don't come right back, they reaching  
I ain't forget where the kid came from but I guess they did Amnesia  
Hard to tell when I'm making this shit  
I'm making this shit look easy

Stacks in the lead uh  
All of us teed up  
16 fees now  
Paying my freezer  
All of us teed up  
We gon' whip round like yeah you know  
Money so loud they heard you know  
Yes you know we found a way  
All my brodies they feel the same  
I don't know another way  
On my way

Imma go down when it get like that  
Imma hold out two toned Maybach  
Evens out when the odds gon' stack

Shorty want signs got 10 on my side and 10 my side a Libra  
Now they come round don't talk like that  
Don't come right back they reaching  
I ain't forget where the kid came from but I guess they did Amnesia

Hard to tell when I'm making this shit  
I'm making this shit
