

# Spending Time

Lithe

I been spendin' time  
Now they love me on a weekday  
Know I been about  
Now the money got me fiendin'  
I been spendin' time  
Out the coupe I got the keys, yeah  
Damn I feel alive 125 right on the freeway

And my shorty come slide wanna see you  
I missing out on all my time just to see you  
And now my love is too blind just to feel you  
I'm missing out, yes, you know I gotta see you

Yes, you know I got em' all banking on me  
Pockets so deep had to put it on sleeve  
Know that I'm in time and ain't nothing for free  
Now it's got me spendin' like she wouldn't believe

Baby, come and tell me if you love me  
Know I got more time it's hard to trust me  
Baby, come and tell me if you love me

I been spendin' time  
Now they love me on a weekday  
Know I been about  
Now the money got me fiendin'  
I been spendin' time  
Out the coupe I got the keys yeah  
Damn I feel alive 125 right on the freeway

And my shorty come slide wanna see you  
I missing out on all my time just to see you  
And now my love is too blind just to feel you  
I'm missing out, yes, you know I gotta see you

Baby I  
I been loving and I don't know why  
Yeah, facade on walls gon' cry  
Yeah, I'm wishing that my love gon' buy, yeah, won't buy, no  
Baby I  
I been loving and I don't know why  
Yeah, facade on walls gon' cry  
Yeah, I'm wishing that my love gon' buy, yeah, won't buy, no
