

Touch Tight

Lithe

New sights touch tight
Damn its getting lonely
S560 with my brothers set the tone see
Back then me and Omid whip a focus slowly
Now I spend half a ticket on this whip its on b

Four by four got peace signs at the front now
Now we moving quick, I step in Louis Vuitton now
I been questioned, is it money or the love now?
'Long all my people's pockets up, give a fuck, give a fuck now
London to Dubai, I'm making money, take me home b
Nights like this, I need a shawty just to calm me
Know I been about it since the jump now
And you know we been about it only ones now

New sights touch tight
Damn its getting lonely
S560 with my brothers set the tone see
Back then me and Omid whip a focus slowly
Now I spend half a ticket on this whip its on b
