

Vetted

Lithe

Damn I gotta keep myself protected
Shopping list got Rollies and Pateks
I don't wanna hear about your investments
Only hit me when in full effect
Gotta keep my circle tight I'm vetted
If I damn said it then I meant it
It's the only thing I like now
It's the only thing I like now

I know, I know, I know
Ain't no need to tell me twice you know I know
I could never slow it down the money long
Shorty massaging my neck and let it go
Uh, uh, uh, uh
Know you see that
I been whippin' 'round a new Mercedes G Class
Tryna' find tryna' find a better me
Either way I'm stepping like there's 10 of me
I know, I know, I know
Ain't no need to tell me twice you know I know
I know, I know, I know
Ain't no need to tell me twice you know I know

Damn I gotta keep myself protected
Shopping list got Rollies and Pateks
I don't wanna hear about your investments
Only hit me when in full effect
Gotta keep my circle tight I'm vetted
If I damn said it then I meant it
It's the only thing I like now
It's the only thing I like now
