

## Friends Of Mine

Little Big Town

When you're feeling low  
The days are moving slow  
Keep your eyes on the horizon

When the storm is strong  
Throws you to the ground, on and on  
And it gets hard to keep on rising

Everyone knows that in life sometimes  
The wind blows the rain in your eyes  
I see your cup filled with kindness  
Raise you a glass full of wine  
Take courage friends of mine

It's a crazy world  
We're all trying to live in  
We all feel alone and afraid

Be in the moment  
Find the strength not to give in  
And we'll sail on to better days

Everyone knows that in life sometimes  
The wind blows the rain in your eyes  
I see your cup filled with kindness  
Raise you a glass full of wine  
Take courage friends of mine

Here we are  
Sisters and brothers  
Let me shoulder your burden tonight  
Lord knows we all need each other  
To get through the darkest of times

Everyone knows that in life sometimes  
The wind blows the rain in your eyes  
I see your cup filled with kindness  
Raise you a glass full of wine  
Take courage friends of mine  
(Friends of mine)  
(Mine)

I see your cups filled with kindness  
Raise you a glass full of wine  
Take courage friends of mine
