

## Hell Yeah

Little Big Town

Hell no  
I don't talk about you no more  
What would I do that for?  
Ain't no need messing with my good time  
Hell no  
I don't sit around by myself  
Feelin' better than I've ever felt  
At least I know that's what it looks like  
Hell yeah, I go get drunk on Friday nights  
Hell yeah, I'm dancing under neon lights  
Hell yeah, I'm smiling so that you can't tell  
But if you're ever wondering, baby, if I'm still  
Going through hell, yeah  
Going through hell, yeah  
You've moved on and I'm still here in hell, yeah  
Hell no  
I can't get you off my mind  
And out of all the things I've tried  
Tonight is gonna be hard to beat  
'Cause I got friends with me  
Hell yeah, I go get drunk on Friday nights

Hell yeah, I'm dancing under neon lights  
Hell yeah, I'm smiling so that you can't tell  
But if you're ever wondering, baby, if I'm still  
Going through hell, yeah  
Going through hell, yeah  
You've moved on and I'm still here in hell, yeah  
Hell yeah, I go get drunk on Friday nights (Sometimes)  
Hell yeah, I'm dancing under neon lights (Hell yeah)  
Hell yeah, I'm smiling so that you can't tell  
But if you're ever wondering, baby, if I'm still  
Going through hell, yeah  
Going through hell, yeah  
You've moved on and I'm still here in hell, yeah  
Going through hell, yeah  
Going through hell, yeah  
You've moved on and I'm still here in hell, yeah
