

## Something Strong

Little Big Town

Maybe on a better day I could do without it  
Maybe on another night I wouldn't feel the need  
But no matter what I do, I always overdose on you  
And it's killing me

What if I wanna break in a million pieces?  
What if I wanna burn this whole house down?  
Caving in and letting go, falling hard like a domino  
Right to the ground

If we're talking whiskey, I'm talking hundred proof  
If we're talking honest, I'm talking cold, hard truth  
Ain't talking one kiss, I'm talking all night long  
I don't want your watered down, give me something strong

And I know how to carry the world upon my shoulders  
I know how to push it down and hold my breath  
And as well as you know me, you don't know everything I need  
So, I confess

If we're talking whiskey, I'm talking hundred proof  
If we're talking honest, I'm talking cold, hard truth  
Ain't talking one kiss, I'm talking all night long  
Don't want your watered down, give me something strong

Ooh  
Give me all you got, give me something strong  
Ooh

If we're talking whiskey, I'm talking hundred proof  
If we're talking honest, I'm talking cold, hard truth  
Ain't talking one kiss, I'm talking all night long  
Don't want your watered down, give me something strong

Give me something strong  
Oh, give me all you've got, give me something strong  
Something strong
