

# Russian Hooligans

Little Big

We moving forward forward  
To find the fight and found it  
Owning honor now, and no one's hiding  
Fight with all soul and explode like a bomb  
Stand, never fall in spite of filling numb

Do you have it in you? Iron fists, eyes brightening  
Money, power, pride'n different worlds colliding  
War? No, it's how you grow  
On the streets. Wake up and go!  
Let's Go!

Russian Hooligans, Russian Hooligans!  
Russian Hooligans, Russian Hooligans!  
Russian Hooligans, Russian Hooligans!  
Russian Hooligans, Russian Hooligans!

Here we go geeks  
Cut your ties, cross the border you're soldier  
Don't give a fuck even if anybody told ya  
You're stand on the line, broken minded!  
Quiet! read on the wall my writing

Do you have it in you? Iron fists, eyes brightening  
Money, power, pride'n different worlds colliding  
War? No, it's how you grow  
On the streets. Wake up and go!  
Let's Go!

Russian Hooligans, Russian Hooligans!  
Russian Hooligans, Russian Hooligans!  
Russian Hooligans, Russian Hooligans!  
Russian Hooligans, Russian Hooligans!
