

# Paradise

Little Boots

I found a place that is holy  
Somewhere to feel like a child  
Where I escape when I'm lonely  
For a while

When I'm needing resurrection  
Something to bring me to life  
Whenever I'm craving attention  
Inside

But I can't stay  
It's so wrong, it's so right  
It's a fool's paradise  
And I can't stay  
It's so wrong, it's so right  
It's a fool's paradise

Back to the real world  
Into the gray  
Back to the real world  
All the color's fading  
Back to the real world  
Can't run away  
Back to the real world  
All the color's fading

It's hard to hold onto a feeling  
When nothing is left in your hands  
Was it for real? Was I dreaming?  
I don't understand

Why I can't stay  
It's so wrong, it's so right  
It's a fool's paradise  
And I can't stay  
It's so wrong, it's so right  
It's a fool's paradise

Back to the real world  
Into the gray  
Back to the real world  
All the color's fading  
Back to the real world  
Can't run away  
Back to the real world  
All the color's fading

Paradise, paradise, paradise  
Paradise, paradise, paradise  
Paradise, paradise, paradise  
Paradise, paradise, paradise  
Paradise, paradise, paradise  
Paradise, paradise, paradise

Back to the real world  
Into the gray  
Back to the real world

All the color's fading  
Back to the real world  
Can't run away  
Back to the real world  
All the color's fading

Paradise, paradise, paradise  
Paradise, paradise, paradise  
Paradise, paradise, paradise  
Paradise, paradise, paradise
