

Alive at All

Little Comets

I agree, sell all the weapons
But keep the keys
Make them talk
No institutions
Just the way you walk
Where I'm from:
Nobody hassles inside

It's the reason
It's the reason
I'm alive at all
I'm alive at all

It's the reason
It's the reason
I'm alive

Say it's true, milk every minute
They give to you
For all that's worth
One is the one
And I know it's her
Say it isn't true
Make all the difference inside:

It's the reason
It's the reason
I'm alive at all
I'm alive at all

It's the reason
It's the reason
I'm alive

Keep me closer
I'll be the one
That's creeping south
'Cause I know
Best are the words
Left in my mouth
'Cause I know
You'll be the one
To paddle solo
Across the ocean
Just to keep quiet

Cover me
Fill all the gaps
With ubiquity
Maybe I
Don't know the secrets
But at least I tried:
Keep it open
Soon every minute will go

It's the reason
It's the reason

I'm alive at all
I'm alive at all
I'm alive at all
I'm alive at all

It's the reason
It's the reason
I'm alive at all
I'm alive at all
