

## Rebels

Little Dragon

Water fill my eyes  
They overflow  
I can't afford it  
Lovers in disguise  
Water fill my eyes  
Lost inside my mind  
I let you in  
I can't control it  
Lovers in disguise  
Water fills my eyes

Rebels and chances  
These roses and losers  
Keep stalling me  
They seem unstoppable  
Devils in dresses  
Keep pressing me  
Testing me daily  
And I don't know where to go  
Devils in dresses  
Keep pressing me  
Keep  
Keep pressing me  
Testing me  
Testing me  
Testing me daily  
And I don't know where to go

Testing  
Pressing me  
Testing me

I ease in light, light  
We'll freeze the night  
Won't let them in  
I close the door tight  
Just give me one more moment

Water fill my eyes  
They overflow  
I can't afford it  
Lovers in disguise  
Water fill my eyes  
Lost inside my mind  
I let you in  
I can't control it  
Lovers in disguise  
Water fill my eyes
