

## Brand New Start

Little Joy

Take advantage of the season  
To take off your overcoat  
The spirits will lift off those young men you provoke  
But I'll be laughing, knowing I will take you home

There ain't no lover like the one I've got  
Ain't no lover like the one I've got  
She and I have a brand new start  
I gotta give all my love

All this time they had me thinking  
Love's a boat that's slowly sinking  
But you made the claim  
Taking chances, embracing the change  
I count my blessings knowing you will take me home

There ain't no lover like the one I've got  
Ain't no lover like the one I've got  
She and I have a brand new start  
I gotta give all my love

I got time to hold my own  
What's a day when the years are on their way  
I gotta say

There ain't no lover like the one I've got  
Ain't no lover like the one I've got  
She and I have a brand new start  
I gotta give all my love
