

# Cheap Stolen Kisses

Little Man Tate

Drinks after work, and cheap stolen kisses  
Now his teas in the dog and he's in the Mrs  
And it's not what she had planned  
She thought he'd understand  
He only held her hand  
He only held her hand

And it didn't really work  
No, she didn't even listen  
Now he's watching the TV  
While she's crying in the kitchen  
With the 'Oh, leave me alone'  
And turned over phones  
She said he was on his own  
She said he was on his own

And a swipe of her thumb and the message is gone  
And he's never gonna figure it out, it's funny  
In't the truth a bastard

Ohh ahh, can't stop it now, it's gone too far  
Look how in love you are  
Look how in love you are  
Ohh ahh, can't stop it now, it's gone too far  
Look how in love you are  
Look how in love you are

More over time with no extra money  
And she working late tonight and  
Oh, ain't it funny  
How she clocked off at 5  
And he didn't arrive  
She said he made her feel alive  
She said he made her feel alive

And a swipe of her thumb and the message is gone  
And he's never gonna figure it out, it's funny  
In't the truth a bastard

Ohh ahh, can't stop it now it's gone too far  
Look how in love you are  
Look how in love you are  
Ohh ahh, can't stop it now it's gone too far  
Look how in love you are  
Look how in love you are

And a swipe of her thumb and the message is gone  
And he's never gonna figure it out, it's funny  
In't the truth a bastard

Ohh ahh, can't stop it now it's gone too far  
Look how in love you are  
Look how in love you are  
Ohh ahh, can't stop it now it's gone too far  
Look how in love you are  
Look how in love you are  
Look how in love you are
