

## Remind Me

Little May

Your eyes remind me of a time  
When we were younger  
And you used to write my name  
On your wall

And we'd get high  
Why won't you be mine?

Keep your head under  
Keep your body busy now  
Keep your face covered  
From what we found, from what we found

Your eyes remind me of a time  
When we were younger  
And no one would see  
How far we'd flew

So you we got out of here, yeah  
Why won't you be mine?

Keep your head under  
Keep your body busy now  
Keep your face covered  
From what we found  
From what we found

And I can't stop losing my mind  
And I won't stop until I find you  
Until I find you, until I find your eyes  
Your eyes, your eyes remind me

And I can't stop losing my mind  
And I won't stop until I find you  
Until I find you, until I find your eyes  
Your eyes, your eyes remind me
