

Let Me Down Easy

Little Milton

I gave you all my love.
Don't you abuse it.
I gave you tender loving care.
Oh baby, don't misuse it.
If you got somebody
You got somebody else on your mind,
I want you to please, oh please baby
Let me down easy.
I've sweated and toiled for you, baby
And I know you know it.
But, if you got any appreciation for me
Oh, you got a sad way of showing it.
If you got somebody
Oh, if you got somebody else on your mind
I want you to please, please baby
Let me down easy.
Oh, you ought to give me credit baby
You ought to give credit where credit is due right now.
Cause I know that you know
Oh, I been so good to you. Hey!
I did everything for you baby, yes I did.
That a man, a man is supposed to do.
But oh, you're taking advantage of me
Cause you know I'm a fool for you.
If you got somebody
Oh, if you got somebody else on your mind
I want you to, to please baby
Let me down easy.
Oh baby
Let me down easy, yeah.
Don't let me go fast, oh no no.
No no oh
Would you let me down easy?
If you let me down easy
It would be alright baby.
You know I don't mind begging you.
Oh oh oh baby
Please...
Oh
Oh yeah
Oh baby
Do you feel it, yeah
