

Breathe

Little Mix

My baby don't love me no more
And it hurts like hell
It's like I don't love myself
Never had this feeling before
Don't wanna face the truth
That I'm still missing you, yeah

Now I can't erase your number
I'm still sleeping in your jumper
Kinda hate it that I love ya
Tryna let you go

How do I, how do I, how do I breathe when you're not with me? Oh
How do I, how do I, how do I sleep in the space you leave? Oh
Swear that my, swear that my, swear that my heart don't beat when you
're gone, can't let go
When you're not here with me, how am I s'posed to breathe?

Every night I'm calling your name
Here with the ghost of you
Haunted but close to you, oh
Wonder if you're feeling the same
Do you remember me?
Or are you replacing me? Yeah

If I call you, will you pick up?
'Cause I'm drownin' in the liquor
Yeah, I thought that I was sick of you
Show me what to do

How do I, how do I, how do I breathe when you're not with me? Oh
How do I, how do I, how do I sleep in the space you leave? Oh
Swear that my, swear that my, swear that my heart don't beat when you
're gone, can't let go
When you're not here with me, how am I s'posed to breathe?

Still I can't erase your number
I'm still sleeping in your jumper
And I hate it that I love ya

How do I, how do I, how do I breathe when you're not with me? Oh
How do I, how do I, how do I sleep in the space you leave? Oh
Swear that my, swear that my, swear that my heart don't beat when you
're gone, can't let go
When you're not here with me, how am I s'posed to breathe?

How do I, how do I, how do I breathe when you're not with me? Oh
How do I, how do I, how do I sleep in the space you leave? Oh
Swear that my, swear that my, swear that my heart don't beat when you
're gone, can't let it go
When you're not here with me, how am I s'posed to breathe?
How do I, how do I, how do I

How do I, how do I, how do I breathe?
