

# Holiday

Little Mix

Boy, have I told ya?  
I swear you put the sun up in my sky  
When it's cold, you pull me closer  
So hot, it's like the middle of July (Of July)

Wanna have a little taste, so let me lay you down (Lay you down)  
Nothing better than your skin on mine (Skin on mine)  
And I've been looking for the feeling, looking all my life  
Boy, you give it to me every time

Can we make it all night? We don't stop  
All up on my body, babe  
Ooh  
Touch me like a summer night  
You feel like a holiday  
Ooh  
Up all night, we don't stop  
Feel up on my body, babe  
We're just dancing the night away  
Boy, you feel like a holiday

So I'ma let go  
No one else in the world  
Could ever come close to you, baby (Oh oh)  
Close to you, baby (Oh oh)  
We're taking it slow  
Whenever, wherever  
We're lasting forever, my baby (Oh oh)  
You turn me on (Oh oh)

Boy, have I told ya?  
You give it to me like no other guy  
We got that heat like the summer (Summer)  
And that's why I'm so glad I made you mine

Wanna have a little taste, so let me lay you down (Lay you down)  
Nothing better than your skin on mine (Skin on mine)  
And I've been looking for the feeling, looking all my life  
Boy, you give it to me every time

Can we make it all night? We don't stop  
All up on my body, babe  
Ooh  
Touch me like a summer night  
You feel like a holiday  
Ooh  
Up all night, we don't stop  
Fill up on my body, babe  
We're just dancing the night away  
Boy, you feel like a holiday

So I'ma let go  
No one else in the world  
Could ever come close to you, baby (Close to you, baby)  
Close to you, baby (Close to you, baby)  
We're taking it slow  
Whenever, wherever

We're lasting forever, my baby (Oh oh)  
You're turning me on (Oh, oh oh)

So put your love on me, upon me  
Oh boy, I love it when you're touching me, holding me  
No, ain't nobody put that thing on me, upon me  
Like you do  
Feel like a holiday  
You know that I want it, babe

Can we make it all night? We don't stop  
All up on my body babe  
Ooh  
Touch me like a summer night  
You feel like a holiday  
Ooh  
Up all night, we don't stop  
Feel up on my body, babe  
We're just dancing the night away  
Boy, you feel like a holiday

So I'ma let go  
No one else in the world  
Could ever come close to you, baby (Close to you, baby)  
Close to you, baby (Close to you, baby)  
We're taking it slow (Slow)  
Whenever, wherever  
We're lasting forever, my baby (Oh oh)  
You're turning me on (Turning me on, yeah)
