

# My Love Won't Let You Down

Little Mix

If you're cold and alone when you wake  
Making all of the same mistakes  
When your heart's given all that it had  
But they say they don't love you back

When the party's over and your friends have all gone  
And you're wondering where it all went wrong  
I'll come running when you call out my name  
And it'll always be this way

I'll be there with you  
No matter what you're going through  
I'll be there with you  
Anytime that you need me to  
When there's no one else around  
On your last breath calling out  
Trust me, my love won't let you down

Yeah I know you've been losing the fight  
You been knocked down a million times  
Screaming out you don't know what to do  
That's when I'll be right next to you

We can sit on the edge of your bed  
Tell me all of the fears in your head  
And I'll sing you your favourite song  
Till the pain and all the tears are all gone

I'll be there with you (I'll be there)  
No matter what you're going through (No)  
I'll be there with you (With you)  
Anytime that you need me to (I'll be there)  
When there's no one else around (Nobody else around)  
On your last breath calling out (I'll be calling out)  
Trust me, my love won't let you down  
No matter what you're going through  
I'll be there with you (I'll be there)  
Anytime that you need me to  
When there's no one else around (Nobody else around)  
On your last breath calling out  
Trust me, my love won't let you down  
Trust me, my love won't let you down
