

No

Little Mix

Woke up feeling like the baddest bitch I've ever known
Feelin' even stronger than I've ever felt before
Pushed me to the limit, now I'm in a different zone
Now you're all alone, now you're all alone

And I know that I was always scared to say it
And I fell into the games that you were playin'
Yeah, I know it's up to personal opinion
But you never seen me like this
Woah, now I know why I feel so amazing
Yeah, you mad, yeah, know you gonna hate it
Now I got the power and I claim it
So baby read my lips

I say "no, no, no"
I said "yes" too many times
Now it's "no, no, no"
Told you, "I'm no longer under your control"
No, I'm not the kind of girl I was before
Cannot go over me no more, no more
I say "no, no, no"
I said "yes" too many times
You should know, know, know
Told you, "I'm no longer under your control"
See, I'm not the kind of girl I was before (Before)
Cannot go over me no more (No more), no more

I was sick of bein' a prisoner, livin' under your thumb (Thumb)
So now what doesn't kill me, better hurry up and run (Run)
I like to try to dim it but I rise up like a phoenix
So when all is said and done (Done)
But you're the only one

And I know that I was always scared to say it
And I fell into the games that you were playin'
Yeah, I know it's up to personal opinion
But you never seen me like this
Woah, now I know why I feel so amazing (I, I, I)
Yeah, you mad, yeah, know you gonna hate it (Ooh, ooh)
Now I got the power and I claim it
So, baby, read my lips

I say "no, no, no"
I said "yes" too many times
Now it's "no, no, no"
Told you, "I'm no longer under your control" (Oh)
No, I'm not the kind of girl I was before (Before)
Cannot go over me no more (No more), no more (No more)
I say "no, no, no"
I said "yes" too many times (I say "no")
You should know, know, know
Told you, "I'm no longer under your control" (Under your control)
See, I'm not the kind of girl I was before (Before)
Cannot go over me no more (No more), no more (Oh)

It's a shame it had to end out this way (This way)
But better off at the end of the day (The day)

So let karma do it's thing
'Cause if you're not right within, you're never gonna win
So baby read my lips

I say (I, I, I) "no, no, no"
I said "yes" too many times (I say "no")
Now it's "no, no, no" (No)
Told you, "I'm no longer under (Oh) your control" (Control, babe)
No, I'm not the kind of girl I was before (Before)
Cannot go over me no more (No more) (No more, no more), no more
I say (I, I, I) "no, no, no"
I said "yes" too many times (I say "no")
You should know, know, know (You should know)
Told you, "I'm no longer under (Oh) your control"
See, I'm not the kind of girl I was before (Girl I was before) (Before)
(Cannot go over me) Cannot go over me no more (No more)

I said "no"
