

# Get Down With It

Little Richard

Get down with it  
Do the jazz  
Come on, baby  
Going to watch everybody wag  
I said, come on, baby  
I wanna everybody do the jazz

I said, come on baby  
It's been a long long time  
Baby  
Going to watch everybody move around  
I said, come on baby  
I wanna see everybody make some sound

It's alright  
Singing "it's alright"  
Yeah, my my my  
Singing "it's alright"  
My my my, yeah

Everybody raise both your hands  
Everybody, everywhere  
I said, clap your hands  
Everybody clap your hands  
Yeah, my my my  
My my my  
Yeah, my my my

My my my

Everybody raise your right hand  
Everybody, everywhere  
I said, snap your fingers  
Come on little girl snap your fingers, come little boy
