

# She Knows How to Rock

Little Richard

I'm goin' downtown  
Get me a rockin' chair  
Gon' let my baby rock me  
On away from here

She knows how to rock me  
Lord, she sure can rock me  
If ya ever been rocked  
You know just what I mean

Now, she can rock me up  
Rock me, down  
Rock me, cross  
Lord, she rocks me 'round

She knows how to rock me  
She sure can rock me  
If ya ever been rocked  
You know just what I mean

'Let's rock, man'

Now, she rocks me in  
Rocks me out  
She knows what it's all about

She sure can rock me  
Ooh, rock me  
If ya ever been rocked  
You know just what I mean

'Rock with me, now'

She rocks me to the right  
Rocks me to the left  
Sometime, I b'lieve  
She gon' rock me to death

She knows how to rock me  
Oh, rock me  
If ya ever been rocked  
You know just what I mean

'Lord, Lord, Lord!

But now my gal  
Is gettin' kind-a funny  
Don't wanna rock  
If I don't give her my money

But she sho' can rock me  
Knows how to rock me  
Now, if you ever been rocked  
You'll know just what I mean
