

# The Commandments of Love

Little Richard

Thou shall not love  
No other one but me

Promise me darling  
That I'm the only one  
You'll give all your love in  
All your love in two

Promise me, love  
No other one but me  
You promised me never  
You'll never leave me no more

Keep the commandments Of our love  
Love, love

Promise me, baby

You'll always try to keep our  
Our love alive  
You're the only one  
That I run to  
When I want to get my  
I want to get my kiss

Being with you  
Is like being in heaven to me  
When I need some loving, baby  
You should never have a tag

Never leave me, baby  
Don't you know I love you, baby  
You know I need you, baby
