

# So Many Paths

Little River Band

The atmosphere is electric  
And the minds are on the move  
They all know where they're going  
But no one is too sure

I've heard a lot of talking  
I've nearly drowned in their words  
And my heart is full of answers  
Just as the sky is full of birds

There are so many paths up the mountain  
Nobody knows all the ways  
There are so many paths up the mountain  
And the view from the top is still the same

If you should stumble and fall down  
People don't know what to do  
Pretend that they didn't notice  
They'll sidestep, walk around you

Don't let it be your worry  
No, no don't let it get you concerned  
You've got to move on in your own direction  
Forget what you've ever learned

There are so many paths up the mountain  
Nobody knows all the ways  
There are so many paths up the mountain  
And the view from the top is still the same

Angry voices from the shadows  
In the valley the sun don't shine  
Make your mind up which way you're going  
There are, oh, so many paths

There are so many paths up the mountain  
Nobody knows all the ways  
There are so many paths up the mountain  
And the view from the top is still the same

Mmm yeah yeah yeah yeah yeah yeah yeah yeah  
Is still the same  
The view from the top is still the same  
Wherever you look, it's still the same  
Still the same  
Still the same
