

Witchery

Little River Band

There's a smile on your face
But I'm cautious just in case you're a devil (devil)
If you're looking for romance
I'm not giving you the chance with me
I've heard of your good deeds
And I know about your needs, little demon (demon)
Excite me with your charms
You long to put your arms around me

You cast your spell on me
And it's plain to see

It's witchery, oow
Witchery, aah
Witchery
It's got me

Now there's a smile on your face
And I'm anxious just in case I might lose you
The reason for the switch
I like it 'cos the witch is you
I've heard of your good deeds
I know about your needs, little demon
(you little demon, you little demon)
Excite me with your charms
You long to put your arms around me

You cast your spell on me
And it's plain to see

It's witchery, oow
Witchery, aah
Witchery

Witchery, oow
Witchery, aah
Witchery

It's got you
It's got me
It's got you
It's got me
It's got you
It's got me
It's got you
It's got me
