

Offence

Little Simz

Allow me to pick up where I left off
The biggest phenomenon and I'm Picasso with the pen

Niggas always talk shit until I hit them with the realness
Figured I should say sum' but you don't wanna hear me vent

You can talk bad all day long I will never be impressed
Dunno what I did to make you feel that you be earnin' my respect

You do not scare me no you are not a threat
Anyone that want it they can get it in a flash no sweat

If you're gonna talk on my name least say it with your chest
Got my team on deck taking out all pawns and my night got your queen in check... mate

Don't get touchy don't be getting in your feelin's
All I do is kill shit, shit even when I'm chillin'

I'm Jay-Z on a bad day, Shakespeare on my worst days
Never been a punk, trust you can get it in the worst way
Fuck it lemme get a birthday cake and it ain't even my birthday
Cause when I switch, then they wanna say that I'm a bitch

You're not listening
You're not listening
I said it with my chest and I don't care who I offend uh huh haaa

Came through swinging out the gate on a mad one no fucks
Steppin' to the kid tryna bring it I promise you'll have no luck

You sold out for a quick buzz and honey you got no love
No less than what I know that I'm worth and I won't budge

In and out of doorways juggin juggin through the broadway
Anthony where would I be now I went and done it your way?

I been exhausted man I think I need a tour break
Might take a trip to the Philippines with my Spanish boy Jorge

Holla my plug like "I'm back in town and I need a ounce gimme more flavs"
Take Mum ona spree like get anything you want this is your day J

I followed the rabbit got a couple carrots I know that I got bad habits
Tryna find the balance I'm in the store like "I wanna have it I gotta have it!"

You are not the toughest or baddest my pen is the maddest
I've probably ended careers and it's never out of malice!

Gas level ain't even on 10 and still they can't manage

They think I'm a shy one, like "nah Simz won't flip"
But when I switch, then they wanna say that I'm a bitch

I said it with my chest and I don't care who I offend uh huh haaa
