

You do something to me that I can't describe  
I ain't been feeling like socialising lately, but your...  
An exception, so tell me the truth of what you feel inside  
And I'm always for you baby  
If you don't mind, I (would like to take you on a magical ride)  
Imagination is whatever you make it  
(Here, it's just you and I)  
If it's a risk, tell me now would you take it?

Let me know, let me know  
Let me know what you look for  
Let me know, just let me know (let me know)  
Let me know if this is all

Oh  
Imperfectly perfect is what you would call this  
I've been a fool if I'm thinking of you while your doing shit that isn't cool  
Just let me know if I'm wasting my time all on you  
That won't be heartbreak at all  
We ain't been thinking about all the time we could lose  
That's only if we stall  
Boy, don't you know that I come from a similar background as you  
Plus I've got morals  
I ain't the same as these chicks you've been playing with  
No, my love you cannot borrow  
I will not drown in my sorrows  
If I need clarity, I'll just fly out by tomorrow  
Space and time, I could use more of  
I might run into the one  
And if I do, boy then you know that it's your loss  
See now, I know you was feeling some type of way when I hopped off that plane and I landed in L.A  
We haven't spoken in so long, the silence is giving me headaches  
This ain't the way it's supposed to be  
Ain't no way I envisioned it  
Why are we acting like we don't exist?  
Know I'm in not in this alone  
We've got the world on the end of our phone  
Please can you...

Let me know, just let me know  
(Why you let me know?)  
Let me know what you look for  
(Let me know)  
Let me know, just let me know  
Let me know if this is all

If you don't mind I...  
If you don't mind I...  
Would like to take you on magical...  
Would like to take you on a magical ride  
Here, it's just you and I  
Let me know  
Let me know if this is all
