

Light Up

Liv Dawson

Hmm

Hmm

Getting shot on my past
I'm gonna pack my bags
Throwing away my phone
Leaving that life alone
I wanna be out there
I'm gonna face my fears
This time I won't be scared
'Cause this time you're right there

Take me to a place
Where I can see the setting sun
Take me far away
Just take me somewhere in the back of the beyond

Light up
I'm just a fool in love
Watching the world light up
Somewhere in the back of the beyond
Light up
Cause I'm just a fool in love
Watching the world light up
I ain't coming back, coming back, back no more

Poor shot to unwind
I'm busy wasting my time
I feel the sun on my face
Getting drunk on the base
This is a first for me
I'm in a place where I wanna be
I'm not going back
No, I'm not going back

Take me to a place
Where I can see the setting sun
Take me far away
Just take me somewhere in the back of the beyond

Light up
I'm just a fool in love
Watching the world light up
Somewhere in the back of the beyond
Light up
Cause I'm just a fool in love
Watching the world light up
I ain't coming back, coming back, back no more

Please don't think I'm lonely
'Cause I'm happy I can't be found
Got all I need around me
Just the beauty of the sound
Of the bass and the beating drums
So exciting that I've only just begun
The arising is right there in front of me
I'm watching the world light up

Of the sound of the bass and the beating drums
So exciting that I've only just begun
The arising is right there in front of me
Somewhere in the back of the beyond

Light up
I'm just a fool in love
Watching the world light up
Somewhere in the back of the beyond
Light up
Cause I'm just a fool in love
Watching the world light up
I ain't coming back, coming back, back no more
Light up
Cause I'm just a fool in love
Light up
I ain't coming back, coming back, back no more
Beyond
Light up
Cause I'm just a fool in love
Watching the world light up
I ain't coming back, coming back, back no more

More
More
I ain't coming back, coming back, back no more
