

Matter Of Time

Liv Dawson

Nobody comes closer to you
I've finally got something to lose
When there's nothing in the way
I'll be your escape
I know why they say
It's just a matter of time
Matter of time

I'm not the same as I was
I like the way that you need me
So don't you ever give up
I like the way that you see me

When the light come through
From days in the dark
When you call me I'll be running
How could I get enough
Clearly I'm not strong like I thought
Not a doubt I don't think twice
Think twice

Nobody comes closer to you
I've finally got something to lose
When there's nothing in the way
I'll be your escape
I know why they say
It's just a matter of time
Matter of time

I could never up and leave
Tell me the secrets you're keeping
And if you were just a dream
You'd have to stop me from sleeping

Cos you love me
Like a light in the dark
You walk out the door I lose it
Wondering where you are
Clearly I'm not strong like I thought
Not a doubt I don't think twice (think twice)

Nobody comes closer to you
I've finally got something to lose
When there's nothing in the way
I'll be your escape
I know why they say
It's just a matter of time
Matter of time

Nobody comes closer to you
I've finally got something to lose
When there's nothing in the way
I'll be your escape
I know why they say
It's just a matter of time
Matter of time
Matter of time

Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time...

Nobody comes closer to you
I've finally got something to lose
When there's nothing in the way
I'll be your escape
I know why they say
I know why they say
I know why they say
I know why they say
I know why they say
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time
Matter of time...

Nobody comes closer to you
I've finally got something to lose
When there's nothing in the way
I'll be your escape
I know why they say
It's just a matter of time
