Liv Dawson

(Pretty...)

(Pretty...)

This is not complicated  
You caught my eye in the back of the room  
And there's no way I can fake it  
You're staring straight, know you got me so good

I won't go running, running, running from you  
So just let me run and run and run into you

Wanna tell you you're pretty  
But I'm sure you know  
Think you're beautiful  
I just think we'd be perfect  
If you stay with me  
Promise I'll be what you need

And this could be a big mistake, big mistake  
I want you and me to run away  
'Cause I think that you're pretty  
(Pretty...)

I can say that I'm sober  
But I'm obsessed with the way that you look  
I don't want this to be over  
Yeah, one kiss is all that it took

And we were riding on the same wave  
The same blow that shot me down  
I didn't want this to happen till you came around  
And now I'm putting this all on the line for now  
For now

Wanna tell you you're pretty  
But I'm sure you know  
Think you're beautiful  
I just think we'd be perfect  
If you stay with me  
Promise I'll be what you need

And this could be a big mistake, big mistake  
I want you and me to run away  
'Cause I think that you're pretty  
(Pretty...)

Oh  
Oh, oh  
Oh  
Oh, oh

Oh, I think that you're pretty  
Oh, I think that you're pretty

Wanna tell you you're pretty  
But I'm sure you know  
Think you're beautiful

I just think we'd be perfect  
If you stay with me  
Promise I'll be what you need

And this could be a big mistake, big mistake  
I want you and me to run away  
'Cause I think that you're pretty
