

# Take My Anthem

Live

War in me  
War overseas  
Ain't no difference between

Blood in me  
Blood overseas  
Ain't no difference between

War in me  
War overseas  
Ain't no difference between

The blood in me  
And blood overseas  
There ain't no difference, no difference, no difference between (nah)

The chills in your spine are, oh so sweet  
People honor you so high  
You've got to defend the stage at your feet  
No!

Take, take - take my anthem today (now)  
Take, take - take my anthem today  
Take it away

Hands on me  
And hands overseas  
There ain't no difference between

And the heart in me (yeah)  
And the heart overseas  
There ain't no difference, no difference, no difference between (nah)

The chills in your spine are, oh so sweet  
People honor you so high  
You've got to defend the stage at your feet  
No!

Take, take - take my anthem today (now yeah)  
Take, take - take my anthem today  
Take it away

I'll take it away  
I'll take it away  
I'll take it away (now)

I'll take it away  
I'll take it away  
I'll take it away  
I'll take it away

(Oh no)  
(Oh no)  
(Oh no)  
(Oh no)

The war in me

The war overseas  
There ain't no difference between (yeah)  
(No)
