

## Falling

LiveonRelease

when i met you you were eating ice cream  
when we first met you fell upon your face  
and now i cant get you outta my head  
no i, i cant get you out of me

i'm falling and i cant get up now  
i'm falling and i realize  
that you're the one for me  
and you have to be  
falling, falling for me too

this feeling is screwing me up  
this feeling, i dont want it ever to stop  
and now i cant get you outta my head  
no i, i cant get you out of me
