

Lost In The Moment

LiveonRelease

I still remember the day we met
That's right
You laughed with me you smiled at me
At me
And i remember when our eyes first met
And the sky could have fallen and
i could have handled it

I GOT LOST IN THE MOMENT
I DIDN'T SAY WHAT I MEANT TO SAY
I'VE HELD IT IN FOR SO LONG
AND NOW YOU'RE THROWING ME AWAY

I sit here crying by myself
Alone
I have a yearning all the time
For you
And now you don't return my phone calls
And now everyone around me is laughing

I really got into deep
I really didn't know how to act
I really didn't know what to say
And now you're scared of me
