

Deviant Pleasures

Lividity

Smell of rotting corpses, fucking corpses, it makes me
stiff
I'll vomit as you film it, let the sickness begin

When my dicks stiff, I'll fuck anything that I can fuck
Like corpses, let the orgy begin

Rob the morgue of female dead, to use as stars in my
porn films
Porn with corpses, lifeless bodies uses for sex
I film the sickness, plunge my cock into your ass

Masturbating on your face, deviant pleasures, necro
erotic fantasy
All I know is something must be wrong with me, to lust
for dead flesh
And film it seems just not right

Deviant needs, immortal thoughts, indecent action,
necro erotic fantasy
All I need is sickness, all I want is sickness, gotta
have some sickness
All I want is dead chics, gotta have some dead chics

I'll be fucking dead chics in hell!!!

Deep inside the morgue, I fulfill my fantasy (now it's
set to)
Now it's set to film, I will watch, you will watch, we
will watch
We are all masturbating on your face, deviant pleasures
Necro erotic fantasy

My secret life
No one knows me
Until they die
