

## Devour Humanity

Lividity

Mangled flesh hangs from the walls, beckoned cries,  
crucify, blood filled skies, emancipate, shadow of evil  
from another demension! Stew of human remnants, vital  
remains, severed limbs, devour...eagerly! Torn apart as  
you crave life, blackness lurks with every stab, blood  
spilling forth to create destructive lust! Stew of human  
remnants, vital remains, severed limbs, devour...eagerly!
