

# Young Man

Living Colour

I'm on my feet step aside man  
Get out my way I got a mind of my own  
Beat all the fears as a young man  
Now that I'm grown I don't fear the unknown

When do I know that I haven't arrived?  
(I never felt so far away)  
Where do you go when you're lost and you're lonely  
(I never felt so far away)

I'm on my feet step aside man  
Get out my way I got a mind of my own  
Beat all the fears as a young man  
Now that I'm grown I don't fear the unknown

How do you know when you take it too far  
(I never felt do far away)  
Who would you tell if you're secret's too heavy  
(I never felt so far away)

Step to the right  
Two times  
Move left  
Spin!

We are marching in darkness  
Dancing in darkness  
Kiss the darkness

We are marching in darkness  
Dancing in darkness  
Kiss the darkness

We are marching in darkness  
Dancing in darkness  
Kiss the darkness

We are marching in darkness  
Dancing in darkness  
Kiss the darkness

I'm on my feet step aside man  
Get out my way I got a mind of my own  
Beat all the fears as a young man  
Now that I'm grown I don't fear the unknown

What will happen when it all ends  
(I never felt so far away)  
Why do I never break when I bend  
(I never felt so far away)  
(I never felt so far away)  
(I never felt so far away)  
(I never felt so far away)  
(I never felt so far away)

Step to the right  
Move ahead

Clap one time  
Parre thrust
