

# Cost Of Living

## Living Things

Money

Money don't pay the bill  
Money don't heal your heart  
Money don't solve the blues  
Money raise the body count

And the cost of living ain't easy  
The cost of living ain't easy  
The cost of living ain't easy these days  
It's the way we fall from grace

Money

Money that get you off  
Money can't buy you love  
Money that mark your blood  
Money wont bring me luck

And we gamble our lifes for good reason  
We gamble the meaning of religion  
We gamble the come up of our children  
We gamble but we ain't winning

We made the seven deadly sins in the name of the Lord

I'll petition the lord

Money is going out of print  
Money ain't gold no more  
Money made sure I'm whore  
Money is dirty as the wallstreet floor

And the cost of living ain't easy  
The cost of living ain't easy  
The cost of living ain't easy these days  
It's the way we fall from grace

We made the seven deadly sins in the name of the Lord

Seven deadly sins...

I'll pray for you  
If you pray for me  
I'll sin for you  
If you sin for me YEAH  
Alright

Seven deadly sins...

We made the seven deadly sins in the name of the Lord

We made money, power, anger and love  
We made violence, faith, religion, war  
We made murder, break, every home  
Murder, race, apartheid, soul  
We made miles and hour of washington walls

Living in sin well now we can
