

# Automatic

Livvi Franc

breakin up ,  
tired of this feelin' that my hands are cuffed  
when I'm around you  
Over love,  
Let's takie it to the road because I've had enough.  
I wish I never met you.

I'd stop , you'd stop  
Mission impossible.Mission impossible.  
Is what we got

I can turn you loos,  
Baby what's the use ?  
Oh,Oh  
I come back to you like automatic  
Icould run so far ,  
But the stars are still.  
Oh,Oh  
I come back to you like automatic.  
Automatic,automatic ,automatic.  
Automatic,automatic. ( 2x)  
I come back to you like automatic.

I'm losing hope,  
You're bound around me heart just like a body rope  
too tight to get through  
Under my skin,  
I'm sick of fighting battles I can never win  
So let's play again,play again.

I'd stop , you'd stop  
Mission impossible.Mission impossible.  
Is what we got

I can turn you loos,  
Baby what's the use ?  
Oh,Oh  
I come back to you like automatic  
Icould run so far ,  
But the stars are still.  
Oh,Oh  
I come back to you like automatic.  
Automatic,automatic ,automatic.  
Automatic,automatic. ( 2x)  
I come back to you like automatic.

Hold on me like ,like a magnet.  
I come back like aut-o-mat-ik. ( 2x)

I can turn you loos,  
Baby what's the use ?  
Oh,Oh  
I come back to you like automatic  
Icould run so far ,  
But the stars are still.  
Oh,Oh

I come back to you like automatic.  
Automatic,automatic ,automatic.  
Automatic,automatic. ( 2x)  
I come back to you like automatic.
