Summer days are so long  
But I can do what I want on the inside  
Got my favourite suit on  
First name terms with the cats in my neighbourhood  
And I can sit in my car  
And in my mind I can drive to the ocean

Step one  
Wake up  
Step two  
Get up  
Step three  
Put on some clothes  
Step four  
Bend down and touch them toes  
Step five  
Get some food on your insides  
Step six  
Umm okay  
Step seven

Top twenty tips for easy stress busting  
Who knew it'd be so hard

Good morning and welcome to another day in paradise  
You got all the time you need  
You can write that book you've been meaning to write  
But don't forget to exercise  
(I'm paranoid and I don't wanna go outside)  
I'm paranoid  
(I'm paranoid and I don't wanna go outside)  
Don't make me go outside  
I'm paranoid and I swear that I'm burning up  
Why don't you stick around while I rearrange the furniture?
